WHY PTI?

PTI has been the leading provider of the most innovative and reliable access control products in the self-storage industry for more than 40 years. Drive operational excellence and create a world-class customer experience for your tenants with PTI Security Systems.

FLEXIBLE & SCALABLE
Tailor your access control solution to fit your site's unique needs and expand as your capabilities grow.

CENTRALIZED DATA
Enjoy the convenience of a software database that is located, stored, and maintained in a single location.

REMOTE CAPABILITIES
Access all of your site data and tenant activity from anywhere in the world!
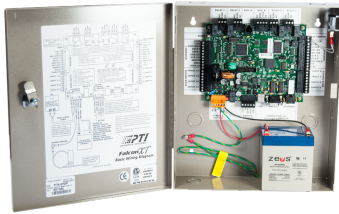

INTEGRATED SOLUTIONS

Maximize your investment of access control solutions with a wide range of products including:

- EasyCode
- DoorBoss
- COREGraphics
- PTI Door Alarms
- Keypads
- PTI CORE™ Platform
- FalconXT Controller
- StorLogix Software

FALCON XT CONTROLLER

The FalconXT system controller is the hardware responsible for securing and monitoring your facility. When used together, StorLogix and the FalconXT form the ideal customized access control solution to grow with your business. Enjoy capabilities such as:

- Centralize your site data
- Support for thousands of units and users
- Simple configuration supports local and/or remote connectivity

STORLOGIX CLOUD

With StorLogix Cloud, operators can easily customize all of their facility's access areas, review site activity, and monitor zones and alarms from one cloud-based account. Create a world-class operation with the most advanced enterprise access control solution from the trusted industry leader with over 40 years of experience.

- Get instant notifications for any onsite activity
- Access your setup from anywhere on any device
- Realtime backups of your account saved to the cloud

PTI KEYPADS

Featured in over 40,000 sites worldwide, PTI's keypads deliver the perfect blend of quality, affordability, and flexibility. Benefits include:
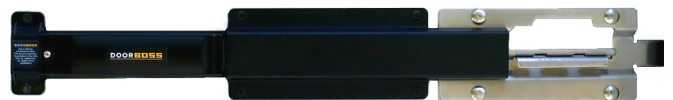

- Flexibility to easily operate gates, automatic doors, etc. directly from the keypads
- Revenue management via immediate suspension of delinquent accounts
- Stress-free customer access with an integration into StorLogix

DOORBOSS

DoorBoss is the self-storage industry's first completely wireless, remote-actuated electronic locking device for individual self-storage units.

- Easily retrofittable
- Unit installation in under 4 minutes
- Charge increased unit rent
